

POWER UP & BREAK THROUGH

Adapting & Enhancing Workforce Capabilities

Training Academy provides a robust curriculum of ab-initio and specialised aerospace programmes, as well as the latest aircraft type courses to meet the training needs of our employees and those of our industry partners in Singapore and around the world.

The Academy is recognised by civil aviation authorities globally under the Part 147 Approved Maintenance Training Organisation Regulation.

We are also endorsed by Airbus and Boeing as an integral partner for their training network worldwide.

A WSQ Approved Training Organisation (ATO), the Academy support the competencies needs of the aerospace industry by constantly reviewing the reskilling and upskilling requirements and establishing the training capabilities for knowledge transfer.

Engaging the industry and our partners

Engaging the local Aerospace Community

Building a Sustainable Pool of Next Generation Aerospace Professionals

Adapting to Change. Enhancing Workforce Resilience Part II

The Covid-19 pandemic has plunged the global aviation industry into an unprecedented crisis. In the midst of an uncertain recovery, join us for insights on various grants and programmes that are available, and find out how you can adapt to the changes and prepare your workforce for the 'new normal'.
